

Know the facts

# Asbestos

**Asbestos was extensively used as a building material in the UK from the 1950s through to the mid-1980s.**

Asbestos materials in good condition are safe unless asbestos fibres become airborne, which happens when materials are damaged.

OVH has an asbestos management plan and policy which sets out exactly how we identify and manage asbestos in our properties.

To find out more pick up a leaflet at your local Neighbourhood Office or call our Customer Service Centre on **0300 365 1111**.
